Hi Sarah,

Attached are my suggestions/comments. I used the version with Jim Keating's comments. It was also unclear to me if this will be given to the State or is this just an internal document for EPA. If planning to give to the State, then the next steps section does not seem relevant, since it is EPA focused (may need to be revised to fit EPA's preferred actions by the State).

Thanks,

Julie

Hi Sarah,
Sorry for all the red in the attachment, but I wanted to make sure the draft reflects all the discussion we had yesterday and I think there were a few remnant points that needed further editing. Thanks for the opportunity to take a look!

Jim

Draft-Deliberative Attorney-Client Privilege*

I left yesterday's Region 10 call with the action item of editing the Pend Oreille messaging one-pager.

I have made the following changes in the attached, clean version:

--fixed outline numbering format
--referred to "upstream of Idaho border"
